

British Society for Research on Ageing

60th Scientific Meeting

Systems Biology of Ageing

15th & 16th July 2010

Register now on <http://www.bsra.org.uk/>

Keynote Speakers: Doug Kell (Chief Executive, BBSRC), Ana Maria Cuervo (Albert Einstein College, New York), Tom Johnson (University of Colorado)

Mitochondria, ROS & Ageing: Dan Gottschling (Fred Hutchinson Cancer Research, Seattle), Joao Passos (Newcastle), Kim Krishnan (Newcastle)

Calorie Restriction: David Gems, (Institute of Healthy Ageing, London), Colin Selman (Aberdeen), Pankaj Kapahi, (Buck Institute, USA)

DNA damage: Jan Hoejmackers, (Erasmus University Medical Center, Rotterdam), Lynne Cox (Oxford), Alex Buerkle, (Konstanz).

Stem Cells & Ageing: Lenhard Rudolph (Ulm), Illaria Bellantuono (Sheffield).

Regulation and recycling in ageing: Andrew Dillin, (Salk Institute), Doug Gray (Newcastle)

Selected Oral Presentations: All abstracts will be published in a Special Issue of our Society Journal *Biogerontology* (Current Impact Factor 3.7). The researcher presenting the best abstract will win a bursary to present their work at the 2011 Meeting of our partner society, the American Aging Association.

Location: The Royal Station Hotel, Neville Street, Newcastle upon Tyne (<http://www.station-hotel-newcastle.co.uk>)

Registration: includes access to all sessions, lunches, tea/coffee breaks and a wine reception. Early Registration: BSRA members: £180, non-members: £220. Students £100 (£90 if BSRA members). **The deadline for early registration is 1st May 2010.** A limited number of student bursaries are available. Contact the Society for details (<http://www.bsra.org.uk/contact>)
